STORY & PHOTOS BY DCJ

Henry Huttleston Rogers' cathedral, in Fairhaven, is an exquisite work of art. It is a blend of many arts and many crafts. Mr. Rogers had it designed by architect Charles Brigham as a tribute to his mother, Mary E. Rogers, who died at nearly 90 on November

180 granite steps leading to the minstrels' gallery which contains the bell ringers' levers. The bell deck is at the 90 foot height. On this deck is the D chime of 11 bells weighing together over 14,000 pounds. They were carefully researched and planned and were cast by Meneely & Co. of Troy, New York.

No few photos can portray any clue as on the exterior. The decorative exterior stone is blue Indiana limestone. The tower soars to a height of 114 feet. The main structure is one hundred feet long and fifty-three feet wide. The architecture is fifteenth century English Gothic. Mr. Rogers imported the finest craftsmen of Europe to decorate both the exterior and interior. Artists from Italy carved the exterior stone. Bavarian wood carvers carved the carefully selected rare English oak of the interior. The glowing stained glass windows were the work of one man, Robert Reid, of New York. Because he did all of them, Mr. Reid was able to arrange the light to focus attention back to front. The flesh tones of the windows are extremely fine. The bell tower contains

Your Key to a Lower Cost Mortgage

The unique NBIS FAST-PAY Mortgage can help you build equity in your home faster, save you thousands of dollars in interest, and let you pay off your mortgage years sooner.

If you think that all mortgages are pretty much alike... you should really learn more about the unique FAST-PAY Mortgage from NBIS. With FAST-PAY you can save thousands of dollars in interest and help build equity in your home a lot faster, at virtually the same monthly cost!

Here's how. Instead of making one monthly payment 12 times a year, you make half your monthly payment every two weeks... or 26 times a year. That extra payment each year really adds up. It actually reduces the principal faster... saving you thousands of dollars in interest, not to mention years of mortgage payments.

A big advantage of FAST-PAY is that your mortgage payments are made automatically through your NBIS Now Account. This means you'll never have to remember to write your check every two weeks. NBIS does it for you... all you have to do is to maintain the balance in your account.

So... before you make a mortgage move, find out about the NBIS FAST-PAY Mortgage — it's your key to a lower mortgage cost.

Dominating is the figure of Christ in the act of benediction, set in a niche and sheltered by a canopy. Heralds above proclaim the message to the 4 corners of the world. Below the central figure are 6 of the Apostles. The other 6 are on the corresponding interior. A ribbon below the symbols of the Apostles bears the inscription, "Behold I stand at the door and knock; if any man hear my voice and open the door I will come in to him and will sup with him and he with me." Set into the outline of each door are figures nine inches high. Each of these figures is of a great character in Christian history over a period of 19 centuries. These figures and the two on either side of the porch were by Mr. Kirchmayer. The doors were designed by architects Brigham Coveney and Bisbee of Boston.

All of this descriptive information is from the book America's Cathedral Beautiful by Mildred C. Mosgrove. The wealth of information on the church's detail in this book is staggering. Every inch of the decoration has meaning.

Millicent Library in Fairhaven, the Dartmouth Gallery and Baker Books in New Bedford. Currently her photos are represented at Rogers Gallery in Mattapoisett. Evelyn Baum is a resident of Fairhaven.

Roger Chartier and Paul Smith reside in New Bedford. Mr. Smith's work focuses on dramatic landscapes from a recent hiking trip to the Grand Canyon in winter as well as other awe-inspiring views from mountain tops throughout the country.

Caryn Koffman is a summer resident of Marion and has been working in the field of photography for over ten years. She has won many prizes in the Philadelphia area where she resides during the winter. Her recent work has been in experimental processing creating a technique to make a photograph appear to be an antique etching.

Anne TenBrook, a long-time Marion resident, will focus her contribution to the show on people she has photographed around the world. Her interest in detail and a fascination with different cultures is reflected in her work.

The Photography Show at the Marion Art Center will run through April 1st. The galleries are open to the public Tuesday through Friday, 1 to 5 p.m., and Saturdays, 10 a.m. to 2 p.m. There is no admission charge.

Prayer Concert

Diocesan pastoral musician and composer Denise Morency Gannon will sing in concert performing a work of her original music for the Stations of the Cross. The prayer concert will be held at St. Anthony's Church, Mattapoisett on Friday, March 13th, at 7:30 p.m. and is open to the public.

During this past nine years this prayer concert has been performed in parishes throughout the Diocese of Fall River and Rhode Island. The concert work includes vocal meditations accompanied by string quartet, oboe, and guitar. Concert mistress will be Ann Danis (violin), with Cheri Markward (violin), John Gomes (viola), Perry Rosenthal (cello), and Elizabeth Doriss (oboe). Ms. Gannon is guitarist and vocalist.

The concert is performed within the traditional Stations of the Cross, using a contemporary text. The accompanying prayers to Mary are original texts by the composer.

A recording of original music composed and performed by Denise is currently under production. This cassette recording will feature some selections from the Stations of the Cross, along with other selections for inspirational reflection and meditation. Musical arrangements are being composed in conjunction with local arranger and producer Joseph Carrier of New Bedford. The recording will be available for sale this spring.

Born in New Bedford, Ms. Gannon has been singing throughout the diocese and teaching pastoral musicians throughout New England for twenty-five years. Educated at St. Anne's School (New Bedford) and Bishop Stang High School, Ms . Gannon is also a graduate of Notre Dame College in Manchester,

What are the Vinings cooking? For Michael it's Linguine with Pesto Sauce. "This is different", he says. "It's not about cooking with microwaves." In his sauce he uses fresh basil and garlic, parmesan cheese, olive oil, and pine nuts. Michael attended Men Who Cook last year as a participant. The food was so good, he explains, that he decided to join in and become a chef for the night this year. "It's for a good cause", he says. "I could have donated money but being there people will actually meet me."

Michael's father, Charles, is also returning to the life of a chef for the night. A former professional chef who worked in restaurants both on the Cape and north of Boston, Charles will now display his culinary skills for Men Who Cook. He will be making a mild chili with "hot sauce on the side for people who need to breathe fire", he says. Although this is his first year cooking for this event, he has known about it for 6 years. "In these tough economic times", he says, "we need more people than ever to come to Men Who Cook. Think positively."

When he's not cooking, Charles is the owner and operator of Vining Press, a printing company located in Fairhaven. His son Michael also works with him. In addition to donating their time and culinary expertise to the New Bedford Women's Center, they also donated the printing of 3000 invitations that were sent out to announce Men Who Cook. If you didn't re-

Skills Olympics will be held at Southeastern Regional Vocational-Technical High School on February 26th and will involve competition with 13 other schools.

VICA (Vocational Industrial Clubs of America) offers a variety of leadership and competitive opportunities to vocational technical students throughout the United States as a means of comparing their skills in the trades areas.

Old Colony students will compete in Automotive Machining, Automotive Service Technology, Architectural Drafting, Carpentry, Cosmetology, Electronics, Machine Drafting, Electrical, Baking, Health Careers, Precision Machining, Welding, Typing, Data Processing, Desktop Publishing and Word Processing.

Winners in Districts are eligible to compete in states which are scheduled for Montachusett Regional and Leominster Trade High School in April. Final competitions will be held in Louisville, Kentucky in June.

LIFE OF E. ALAN POE

Sophomores at Old Colony Regional Vocational-Technical High School were treated to a one-man performance on the life and works of Edgar Alan Poe recently.

Mel Harold, a local actor and director, presented the one act program highlighting such famous Poe writings as his poems "The Raven" and "Bells" and what Poe referred to as "scare stories" such as "The Tell Tale Heart" and "MS Found in a Bottle".

counted the difficulties of Poe's life. Born in Boston, Poe suffered the death of his mother, disappearance of his father, disowning by his stepfather, and loss of his young wife to illness.

Mr. Harold, however, focuses on Poe's affliction with alcohol and death at age 49 by an apparent overdose of drugs.

Mr. Harold has transformed his own fascination with E.A. Poe, the man and his works, into an entertaining and educational format with an unmistakable warning of the dangers of chemical addiction. So popular is his presentation that the Old Colony assembly brings his total to over 800 in various junior high and high schools in New England and New York.

FEMALE ATHLETES HONORED

Representatives from Old Colony Regional Vocational-Technical High School journeyed to Boston recently to join players and coaches from over 150 other schools in celebrating "National Girls and Women in Sports Day".

Seniors Michelle St. Amand and Liza DiGrazia along with Coach Nancy Souza represented the school. Both students are varsity players on Old Colony's volleyball, basketball and softball teams.

The program, held in the Chambers of the House of Representatives, was designed to honor all female athletes whose opportunities in sports have increased throughout the 20 years since the passage of Title IX. It was co-sponsored by governmental, professional and sports foundations leaders with corporate sponsorship by Converse, Inc.

The day's activities included key note speaker Pat Head-Summitt and a skills demonstration by Tanya Crevier. Ms. Head-Summitt is the head coach at the University of Tennessee whose Lady Vols won NCAA

Women's Basketball championships in 1987, 1989 and 1991. She also headed the 1990 Olympic US Women's Gold Medal Basketball Team. Ms. Crevier is recognized as the world premier basketball handler.

STUDENT TO ATTEND HOBY CONF.

Jill Gamache has been selected to represent Old Colony Regional Vocational-Technical High School at the Hugh O'Brien seminar scheduled for June 4 through 7 at Boston University.

Jill, a student in the Cosmetology Department, is a member of the sophomore class. Active in the Student Council, she serves on the Regional Student Advisory Council and represented Old Colony at a SC seminar in leadership last summer. Jill also participates in VICA (Vocational Industrial Clubs of America) and in volleyball, basketball and softball.

The HOBY Conference offers all expenses paid training for an outstanding sophomore from each high school in the Commonwealth. The aim of the conference is to develop the leadership potential, self-identification and self-confidence of its attendees.

It brings together high school students and leaders in government, business and education in programs designed to enhance the young leaders' understanding of the democratic process.

Following the June seminar two students will be selected to attend the World Leadership Conference scheduled this year for Pittsburgh.

Barclay Ruffin Hewn was born into the social prominence of the east coast aristocracy.

He was also born a maverick!

While the establishment wanted to look the part, Ruff was the part. And the clothes he selected (and later designed) reflected his taste for authenticity and enduring value.

For Spring, Ruff's designs are inspired only by the need for clothing that looks great, fits comfortably and gives the wearer years of enjoyment. Simple, yet sensible.
